

Orchard Community Trust

Update on the full opening of schools

To all Parents and Carers in our schools,

Very, many thanks again for all of your hard work with your children at home and your efforts to support our schools last term. This is really very much appreciated by our schools.

As you know the Government have said that all schools in England will open to pupils at the start of this term and I am pleased to let you know that all of the 7 schools in the Orchard Community Trust are now fully open for all children to attend and each school, will have let you know the arrangements for your child to attend school.

All of the schools have followed the latest Government and public health guidance every carefully and have detailed plans and risk assessments in place to ensure that we can keep children, staff and parents as safe as we possibly can. You may see some new rules and arrangements in place for you and your children when they come back to school, these are all in place to ensure we all stay safe and well.

Please ensure that you read all letters and information sent to parents and carers regarding the return to school in order to help us all to make the return for the children as smooth as possible.

Should you have any concerns regarding the return to school for the children, then please do not hesitate to contact the school to discuss this with them.

The Trust will keep the information on its website updated to ensure that parents are well informed regarding our schools

Many thanks once again for all of your patience and support during this challenging period. We really appreciate this.

Yours sincerely,

Rob Johnstone-Senior Executive Leader with the Orchard Community Trust.
